# Distance Study

Distance study mode is available for all the Early Childhood Education and Care Courses. Distance study is done by completing your course work externally. You can even complete the work at home or anywhere else in the world.

## Who is distance study for?

The distance study option is for those who are looking to study while working full time or looking for a flexible option for studying. It also gives you the opportunity to study and learn at your own pace.

## Is support still available while I study?

There is still study support available for this mode of study through a designated Trainer who will respond to any questions or queries you have during your studies. Correspondence is generally through email.

## How does distance study work?

There is a maximum duration set for each course where the Assessment requirements for each Unit of Competency must be submitted and marked competent within the maximum time frame to complete the course. This requires prioritising your time so that you can complete all the Units within the maximum time frame. If you need more time to complete your studies, we can look at options to extend your course end date.

## What happens when I complete my course?

Once you complete the course requirements and have confirmation from the College that you have completed your course requirements, you will be sent a Course Completion Form. Once that Form has been filled out and returned to the College, you will be issued your Certificate and Academic Transcript up to 14 days from the date we finish processing your Form.
